Get the vaccines you need with SeniorCare

It's easier than ever to stay healthy with SeniorCare. You can protect yourself by getting key vaccines with no out-of-pocket costs. Depending on any other coverage you have in addition to SeniorCare, you may need to get some vaccines at a pharmacy and others at your doctor's office. Refer to this handy chart for details, and check with your doctor or pharmacist if you have questions.

		If you have Medicare Part D , you will use this coverage first, then SeniorCare will cover any copays or deductibles when these vaccines are given at a pharmacy .		

If you have **Medicare Part C**, also called Medicare Advantage, **follow your Medicare plan's guidance** for how to receive a vaccine. SeniorCare will cover copays or deductibles for vaccines recieved at a pharmacy. If you only have **Medicare Part A**, refer to the **No Other Coverage** column.

SeniorCare and Medicare Part D

SeniorCare and Medicare Part D are programs that help Wisconsin residents age 65 or older pay for prescription drugs and vaccines. You can enroll in both programs at the same time, or just one.

The SeniorCare Prescription Drug Assistance Program is considered "creditable coverage." This means it's as good as the standard Medicare Part D plan, and you will not have a penalty if you choose SeniorCare instead of Medicare Part D.

If you're enrolled in SeniorCare, you can keep your coverage and not pay extra if you choose to enroll with Medicare Part D later. If you let your SeniorCare coverage end without enrolling in a Medicare Part D plan, you may have to pay more if you decide to enroll later.

If you don't have creditable prescription drug coverage for 63 days or longer, your monthly premium for Medicare Part D will go up at least 1% for each month you don't have coverage.

For example, if you go nine months without coverage, your premium will always be at least 9% higher than what most people pay.

For more information, call SeniorCare Customer Service at **800-657-2038**.

Enrolling in Medicare Part D

If you enroll in a Medicare Part D plan, your coverage will begin about a month after you enroll. If you need help paying for prescription drugs and you're currently enrolled in SeniorCare, you should stay on SeniorCare until your Medicare Part D coverage begins.

If you don't enroll in a Medicare Part D plan when you're eligible, you can still enroll, you may just have to wait until the next enrollment period. That's Oct. 15 through Dec. 7, for coverage that begins Jan. 1.

Extra Help for Medicare Part D Costs

Extra Help is a federal program that helps people with limited income and resources pay Medicare prescription drug program costs, like premiums and deductibles. Nearly one in three people with Medicare qualify for Extra Help. If you get Extra Help, Medicare will pay for almost all of your prescription drug costs, including premiums, deductibles, and copayments.

To apply or learn more, visit the federal Extra Help webpage or call the Social Security Administration at **800-772-1213** or **800-324-0778** TTY and ask about the program.

You may be automatically enrolled in Extra Help when you apply for Medicare Part D, or you may have to enroll separately. If you are eligible for Extra Help, you must pick a primary drug plan and enroll in that plan.

Out-of-Pocket Costs for SeniorCare and Medicare Part D

Out-of-pocket costs for both SeniorCare and Medicare Part D depend on how much income you have. People with a higher income can expect higher out-of-pocket costs.

For Medicare Part D, the out-of-pocket costs also depend on whether you're eligible for Extra Help and which plan you enroll in. Some plans have higher premiums than others.

People with a lower income who enroll in a Medicare Part D plan may have better coverage if they qualify for Extra Help and the drugs they need are covered by their plan.

More Resources

Before you enroll in a Medicare Part D plan, carefully review the coverage it offers. If you need help choosing a prescription drug plan that is best for you, call your local aging and disability resource center (ADRC) and ask for a benefits specialist. You can find your local ADRC by going to <u>www.findmyadrc.org</u>.

Information About SeniorCare

What is SeniorCare?

SeniorCare is a program for Wisconsin residents who are 65 or older. The program helps seniors pay for prescription drugs and vaccines.

Who can enroll in SeniorCare?

To enroll in SeniorCare you must be:

- A Wisconsin resident.
- A U.S. citizen or qualifying immigrant.
- Age 65 or older.

How do I apply for SeniorCare?

To apply for SeniorCare, request an application from the SeniorCare Customer Service hotline at **800-657-2038** or print one at **www.dhs.wisconsin.gov/seniorcare**.

When can I apply for SeniorCare?

You can apply for SeniorCare the month you turn 65. Once you're 65, you can apply at any time. Coverage begins the month after you apply.

How much will SeniorCare cover?

Your annual income determines your level of coverage in SeniorCare and how much SeniorCare will cover. See the table on the following page for out-of-pocket expenses and benefits for each level of participation.

Is there an enrollment fee?

Yes. It's \$30 per person per year.

What drugs are covered by SeniorCare?

The program covers most medically necessary drugs as long as the drug manufacturer has signed a rebate agreement with SeniorCare. There are exceptions, though. You may be asked to use the generic form of a drug or to get a prior authorization for certain medicines. A prior authorization means the medicine must be approved by SeniorCare first to be covered.

What if I have other prescription drug coverage and I enroll in SeniorCare?

You can enroll in SeniorCare no matter what coverage you have—unless you're enrolled in Medicaid. SeniorCare will coordinate your coverage with your other insurance. That includes Medicare Part B or D.

What is a copay?

A copayment, or copay, is the amount you pay for each prescription you get. All SeniorCare participation levels have copays. The copay is \$5 for each covered generic drug, \$15 for each covered brand-name drug, and \$0 for vaccines.

What is a deductible?

A deductible is how much a participation level 2A, 2B, or 3 member of SeniorCare pays each year for covered drugs before they can move to the copay level.

Only SeniorCare covered prescription drugs can be used toward your deductible.

What is the SeniorCare rate?

The rate is a discount that Wisconsin sets on most covered prescription drugs. It is the rate that members pay during the phase when they're meeting their deductible.

What is a SeniorCare Spenddown?

Spenddown is the amount that a participation level 3 member must pay for covered prescription drugs during a 12-month benefit period. It is equal to the difference between your annual income and 240% of the federal poverty level (FPL). In 2025, that's \$37,560 for an individual, or \$50,760 for a married couple living together. After the spenddown has been met, you still need to meet a deductible.
